## SHIP REPAIR & SUPPLY LLC. CO.

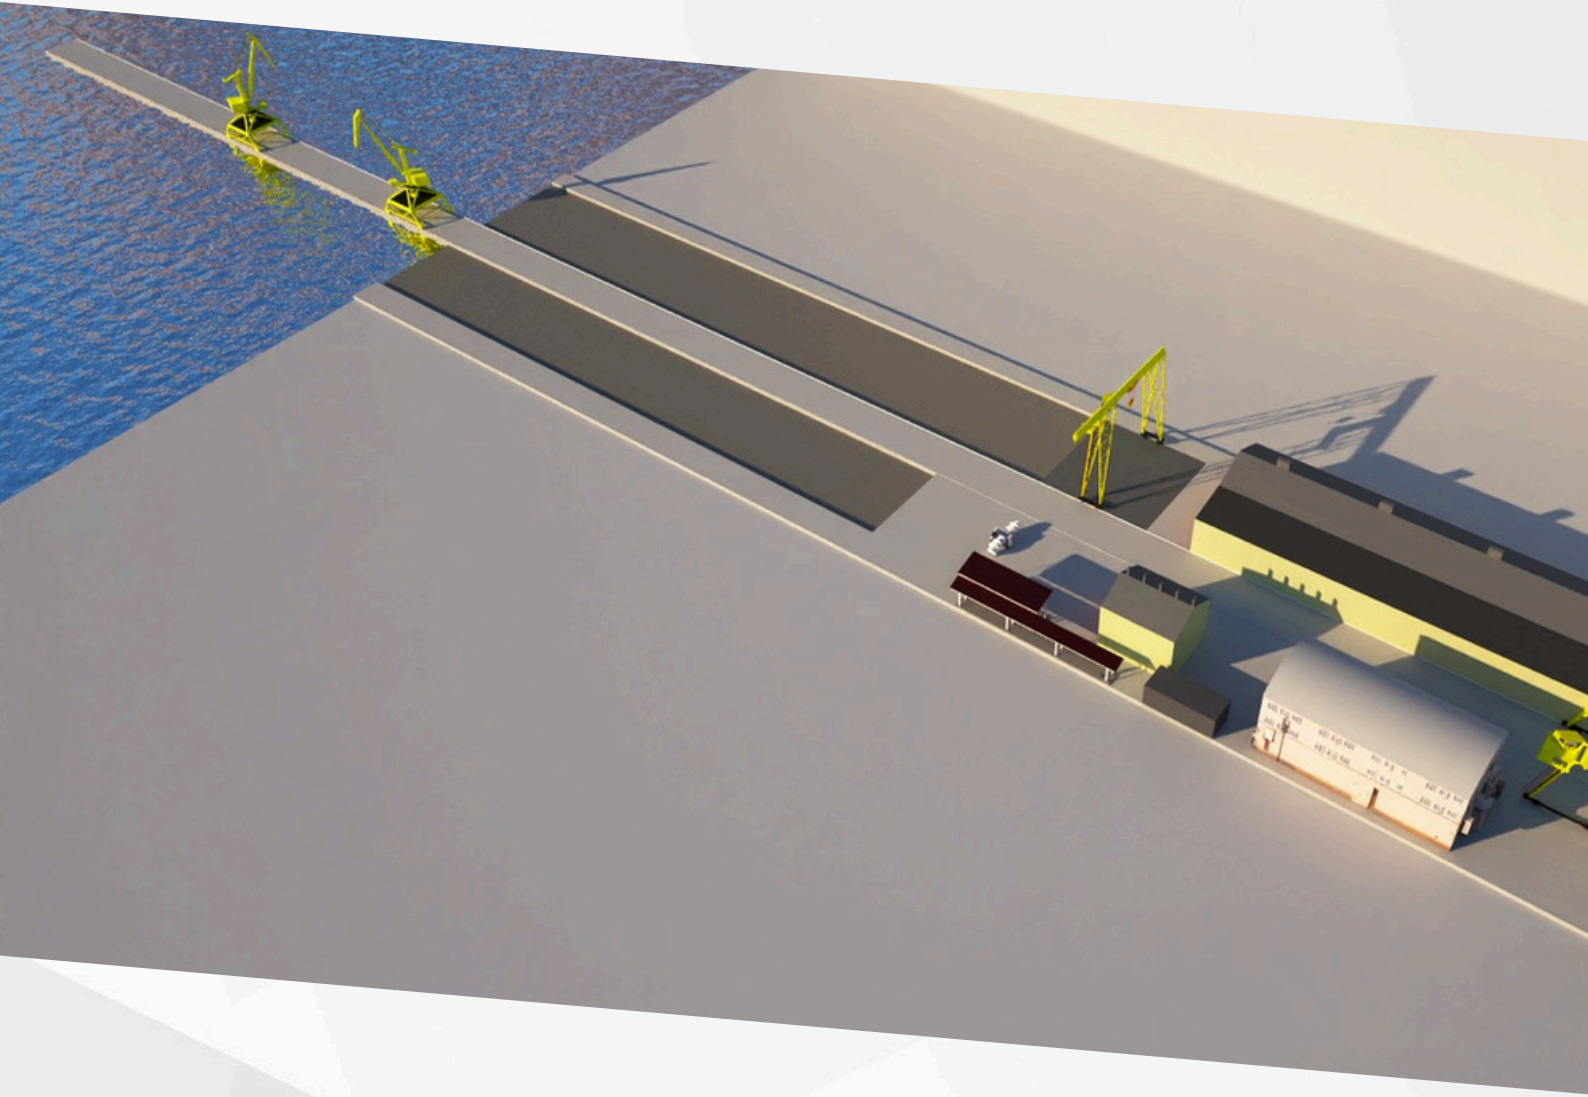

Our company was established in 2004 with a specialized team and strong foundations in Tuzla, Istanbul, the heart of the maritime industry. We provide ship maintenance and repair services while maintaining the highest level of customer satisfaction without compromising trust and quality. To ensure the highest level of customer satisfaction, we always offer customer-oriented, fast, and high-quality solutions.

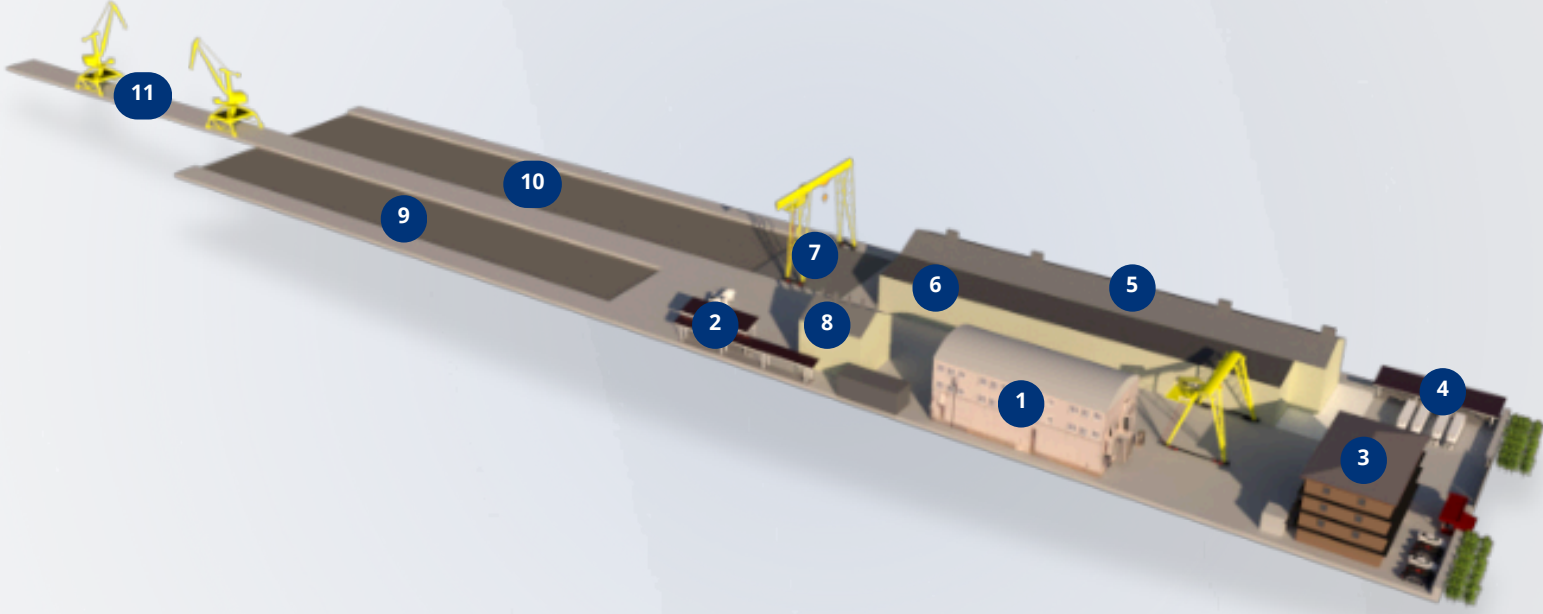

# Strategic Partnership between DockSide Ship Repair and Yüksel Shipyard

DockSide Ship Repair has entered into a strategic partnership agreement with one of Turkey's leading shipyards — Yüksel Shipyard. Within the framework of this cooperation, DockSide Ship Repair becomes the official agent of Yüksel Shipyard and gains access to its full infrastructure and production facilities for the implementation of ship repair and maintenance projects.

The goal of this partnership is to provide more comprehensive, faster, and integrated solutions in the field of ship repair. Thanks to Yüksel Shipyard's modern production areas, high lifting capacity, technical expertise, and advantageous geographical location, DockSide Ship Repair will be able to offer its clients services at an even higher level of quality.
